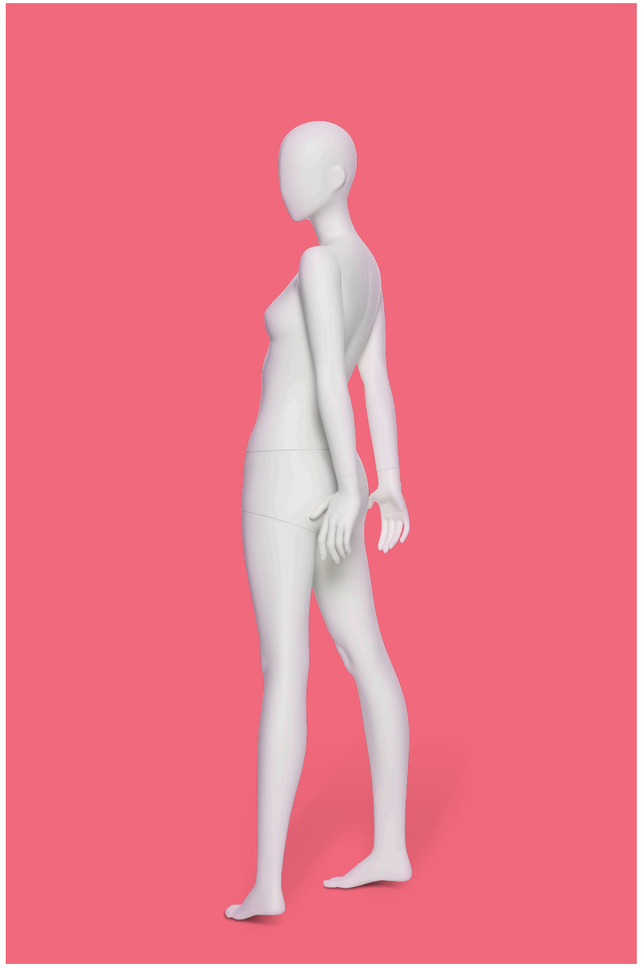
B-TWEENS



Influenced by Japanese comics and rebellious teenage subcultures, we have developed the B-TWEENS, a collection designed to show off youthful, unique fashion.

B-Tweens

Not yet adults, but no longer children; this in-between stage gives the B-TWEENS their name. Charming make-up and playful body language makes the B-TWEENS the It Girls of tomorrow.

Choose from three brand new heads, two different make-up looks and a variety of skin colors designed specifically for this range.
