

HERITAGE X KIDS

Our HERITAGE X KIDS range is a contemporary take on the popular mannequin-bust hybrid. These kids mannequins have a retro look that's not only visually striking, but practical as well. The poses represent children from ages 2 to 10. Make HERITAGE X KIDS your own by selecting your favorite material for the torso and color for the arms and legs. Customize these poses even further by adding articulated wooden arms which are available in a variety of colors. These kids mannequins look fantastic when paired with our HERITAGE X male and female mannequins. With HERITAGE X KIDS, the possibilities are endless.
