

# NEW GENERATION

NEW GENERATION features 12 female mannequins and 15 male mannequins in cool, relaxed poses. We designed these mannequins with today's young adults in mind. The NEW GENERATION poses reflect the casual yet stylish nature of trends in streetwear and denim. Choose from a realistic look with make-up and wigs or a semi-abstract design available in any color and finish you can think of. Our mix-n-match policy means that NEW GENERATION can be combined with any head we offer or even used without a head.
