

PURE

The PURE range has a timeless, elegant look that keeps the customers' focus on your merchandise. The classic poses and simple body language make PURE ideal for displaying any style clothing line. This range is available in either a realistic style with make-up and a wig, or a semi-abstract design in the color and finish of your choice. As with every GENESIS range, our mix-n-match principle allows you to choose from a variety of head options, or even opt for your mannequins to be headless. The choice is all yours!
